Manami was born and brought up in Kolkata, India. She completed a B.Tech degree in Information Technology from West Bengal University of Technology in 2006.

After completion of her degree, Manami moved to Bangalore and started working with Hewlett Packard as a Software Developer in internal projects for three years.

Her technical skills are Core Java, Java server side technologies, Weblogic 8.1 and 9.2, Oracle9i, and HP-UX.

In 2010, Manami was relocated to Singapore and joined Cognitive Edge as a Software Developer and Support Specialist.

She is very fond of music and enjoys movies in her leisure time.
